Form. Function. Performance. Style. Blaze.

Introducing Blaze. Space and energy efficient counter top bottleless cooler with optional two-stage water filtration.

HIGH DISPENSING GAP

10" high dispensing gap for vessels of nearly any size.

PREMIUM FILTRATION

Featured standard are our premium Sediment Filter for removal of dirt, silt and dust, as well as our Post-Carbon Filter which ensures removal of 99% of all chlorine, lead, microbial cysts as well as odors for a clean, pure taste. Optional UF Filtration available as well.

INDICATION CONTROLLED PANEL

Safety lock for hot water. Touch panel interface

COLD WATER RESERVOIR

One gallon, stainless steel with external copper refrigerant coil. Removable molded reservoir insulation is expanded bead polystyrene.

ONE-PIECE HOT WATER TANK

0.7 gallon, 500 watt easy to service/replace heating element. Hot tank is a type 300 series stainless steel.

HOT WATER SAFETY FAUCET

Self-closing activation requires a two-step action that's easy for adults to use, but protects small children.

DRIP RECEPTOR

Durable drip tray lifts out for easy removal and is dishwasher safe.

WARRANTY

Limited 3 year warranty (within the Continental Limits of the United States). Three years on the sealed refrigeration system, one year on most component parts. Detailed warranty enclosed with each water cooler.
