[www.arcticcoolers.com](http://www.arcticcoolers.com)

Welcoming you to the future, Arctic Breeze Platinum features modern technology that allows for easy customization of water temperature on the touch sensitive panel. The bright LED screen clearly displays customized water temperature and digital clock during the day and nighttime. Made entirely of stainless-steel, the commercial cooler is designed to be timeless and durable.

### Standard Features:

- Fully adjustable hot and cold water
- Three Temperature: Hot, Cold, Room Temp.
- Equipped with a child safety lock on hot spout
- Equipped with a 4-stage ultrafiltration system with antimicrobial finish
- UV Care with automatic disinfecting; that sanitizes your water holding tank.
- Energy Star Efficient

### Dimension:

H 40.5" x W 13.5" x D 12"
